IDDERO**VERSO**

Elegant. Compact. Versatile.

Meet the new Iddero Verso with 4,3" capacitive touch display. Available in white or black, the unit can be installed in portrait or landscape mode. The perfect choice for any environment.

A user interface you will actually want to use

Discover a beautifully crafted user interface where every detail has been carefully designed. Combine a wide range of widgets, including RGBW pickers, regulation bars, rotary controls, and much more. Customize the look & feel to meet your needs and preferences.

Not just a pretty face

Time schedules, alarm monitoring, an internal scene controller, two independent thermostats, built-in temperature sensor, four multifunction inputs, integrated KNX bus coupler... the new Iddero Verso has everything you need for your next KNX project.
